HIS HONOUR the Lieutenant-Governor in Council has been pleased to order that the Regulations Respecting Moving-picture Theatres, Kinetographs, and Projectionists, and the Storage and Use of Nitro-cellulose X-ray Films, made pursuant to the "Fire Marshal Act," be amended as follows:—

1. By inserting in Regulation 1 the following definition:—

"'Drive-in theatre' means any premises or area so located and equipped that moving pictures can be viewed by patrons while seated in motor-vehicles."

2. By inserting the following as Regulation 30 under the heading of "Drive-in Theatres":—

"DRIVE-IN THEATRES"

"30. (a) In all drive-in theatres the plans must show all highways and roads adjacent to the proposed drive-in theatre and the location and size of the off-highway parking area.

"(b) The screen tower in all drive-in theatres shall be so placed that, as far as possible, no projection on the screen shall be visible from any highway. The entrance to the drive-in theatre proper shall not lead directly off any main highway. The distance of the tower, fence, or other construction shall be at least 300 feet from the boundary of any main highway, unless special permission is obtained from the Department of Public Works or Municipal Engineer, as the case may be, to reduce that distance.

"(c) Sufficient off-highway parking area shall be provided outside the limits of any highway right-of-way for patrons in vehicles waiting to enter the drive-in theatre so that the adjacent highways may be kept clear. Such area shall provide for at least 25 per cent of the total vehicle capacity of the drive-in theatre. The Public Works Department or Municipal Engineer may, however, require the off-highway parking area to provide up to 50 per cent of the vehicle capacity of the drive-in theatre:

"(d) Exits from drive-in theatres shall be provided on the basis of eight feet of exit space for each sixty vehicles, with a minimum width of driveway of 25 feet. The main entrance shall be not less than 50 feet in width. Main driveways shall be not less than 24 feet in width. All exits shall be indicated by illuminated red signs. The letters of such signs shall be not less than 24 inches in height, and the principal strokes of such letters shall be not less than 3 inches in width. Drive-in theatres shall be sufficiently illuminated while open to the public to ensure safe entrance and exit passage. All ramps shall be sloped in such a manner as to permit the vehicles to proceed over such ramp to an exit."

These amendments take effect on the 1st day of March, 1954, and apply to all plans for drive-in theatres submitted for approval to the Fire Marshal on and after that date.
